
UNIVERSAL MEALS PROGRAM POLICY

The Board of Directors (“Board”) of the Capital College and Career Academy (“CCCA” or the “Charter School”) recognizes that adequate nutrition is essential to the development, health, and learning of all students. The Executive Director or designee shall facilitate and encourage the participation of students from low-income families in the Charter School’s food service program.

Commencing with the 2023-2024 school year, the CCCA school site shall provide two (2) nutritionally adequate meals to each student who requests a meal without consideration of the student’s eligibility for a federally funded free or reduced-price meal, with a maximum of one free meal per meal service (breakfast and lunch) each school day. This shall apply to all pupils in kindergarten through grade twelve (12).

Universal Free Meals Application and Notification

If CCCA participates in the National School Lunch Program and/or federal School Breakfast Program, the Charter School will continue to collect meal application forms aligned with federal regulations. However, regardless of eligibility for free or reduced-price meals, ALL students who request meals will receive meals free of charge, consistent with this Policy and Education Code Section 49501.5. The Executive Director or designee shall ensure that the application form for the universal meals program and related materials include the following statements:

1. Applications for school meals may be submitted at any time during a schoolday.
2. Regardless of federal eligibility for free or reduced-price meals pursuant to NSLP and/or SBP, ALL students who request a meal will receive meals free of charge.

Children participating in the federal NSLP and/or SBP will not be overtly identified by the use of special tokens, special tickets, special serving lines, separate entrances, separate dining areas, or by any other means. The application packet shall include the following notifications and information using simple and culturally appropriate language:

1. A notification that the child may qualify for free or reduced-cost health coverage.
2. A request for the applicant’s consent for the child to participate in the Medi-Cal

program, if eligible, and to have the information on the school lunch application shared with the entity designated by the State Department of Health Care Services to make an accelerated determination and the local agency that determines eligibility under the Medi-Cal program.

3. A notification that the Charter School will not forward the school lunch application to the entity designated by the State Department of Health Care Services to make an accelerated determination and the local agency that determines eligibility under the Medi-Cal program, without the consent of the child's parent or guardian.
4. A notification that the school lunch application is confidential and, with the exception of forwarding the information for use in health program enrollment upon the consent of the child's parent or guardian, the Charter School will not share the information with any other governmental agency, including the federal Department of Homeland Security and the Social Security Administration.
5. A notification that the school lunch application information will only be used by the entity designated by the State Department of Health Care Services to make an accelerated determination and the state and local agencies that administer the Medi-Cal program for purposes directly related to the administration of the Medi-Cal program and will not be shared with other governmental agencies, including the federal Department of Homeland Security and the Social Security Administration for any purpose other than the administration of the Medi-Cal program.
6. Information regarding the Medi-Cal program, including available services, program requirements, rights and responsibilities, and privacy and confidentiality requirements.

If CCCA elects to post its school meal application online, it will include the following:

1. Include a link to the Internet Web site on which translated applications are posted by the United States Department of Agriculture, with instructions in that language that inform the applicant how to submit the application.
2. Require completion of only those questions necessary for determining eligibility.
3. Include a clear statement that regardless of federal eligibility for free or reduced-price meals pursuant to NSLP and/or SBP, ALL students who request a meal will receive meals free of charge.

4. Include clear instructions for families that are homeless or migrant.
5. Comply with the privacy rights and disclosure protections established by Public Laws 113-79 and 105-277.
6. Include links to all of the following:
 - (i) The online application to CalFresh.
 - (ii) The online single state application for health care.
 - (iii) The Internet Web page maintained by the State Department of Public Health entitled "About WIC and How to Apply," or another Internet Web page identified by the State Department of Public Health that connects families to the Special Supplemental Nutrition Program for Women, Infants and Children.
 - (iv) The Internet Web site of a summer lunch program authorized to participate within the city or school district.

Direct Certification

Although every family should submit an application for school meals, in certain circumstances, CCCA may be able to determine student eligibility without further application. CCCA shall directly certify as eligible the following students:

1. Any child who is a member of a household receiving assistance under the supplemental nutrition assistance program as eligible for free lunches and/or free breakfasts under the Child Nutrition Act of 1966.
2. Any child who is a member of a household that receives CalWORKs (also known as Temporary Assistance for Needy Families or "TANF") or CalFresh aid.
3. Any child who is a member of a household that receives the assistance of a Food Distribution program on Indian Reservations.
4. Any child identified as a foster, migrant, homeless or runaway youth, as defined by the California Education Code.

This Policy prohibits the Charter School from disciplining a student which would result in the denial or delay of a nutritionally adequate meal to that student.

Confidentiality/Release of Records

All applications and records related to the universal school meals program shall be confidential and may not be released except as provided by law and authorized by the Board or pursuant to a court order.

The Board authorizes designated employees to use individual records pertaining to the universal meals program for the following purposes:

1. Disaggregation of academic achievement data
2. Identification of students eligible for alternative supports in any school identified as a Title 1 program improvement school

If a student transfers from the Charter School to another charter school, district, county office of education program, or private school, the Executive Director or designee may share the student's meal eligibility information to the other educational agency to assist in the continuation of the student's meal benefits.

The Executive Director or designee may release the name and eligibility status of a student participating in the free or reduced-price meal program to another charter school, school district, or county office of education that is serving a student living in the same household as an enrolled student for purposes related to program eligibility and data used in local control funding formula calculations.

The Executive Director or designee may release the name and eligibility status of a student participating in the free or reduced-price meal program to the Superintendent of Public Instruction for purposes of determining funding allocations under the local control funding formula and for assessing accountability of that funding.

The Executive Director or designee may release information on the school lunch program application to the local agency that determines eligibility for participation in the Medi-Cal program if the student has been approved for free meals and if the applicant consents to the sharing of this information.

The Executive Director or designee may also release information on the school lunch application to the local agency that determines eligibility for CalFresh or to an agency that determines eligibility for nutrition assistance programs if the student has been approved for free or reduced-price meals and if the applicant consents to the sharing of this information.

This information released shall adhere to the following requirements:
